

TECHNICAL REPORT:
Quality Control for Enalapril 10mg
Manufacturer: Laboratorios bago
Dosage: 10mg

INTRODUCTION

This analysis verifies the quality of Enalapril 10mg tablets, focusing on purity, impurities, and dosage form integrity. Critical for cardiovascular treatment efficacy.

METHODOLOGY

Concentration encountered (IU)	9.43 mg
Purity (%)	94.3

DISCUSSION

CONCLUSION

Purity and concentration are within specified limits. Impurities are controlled. The batch is compliant and suitable for release to the market.
