

TECHNICAL REPORT:

Analysis of TB-500 Peptide Solution

Manufacturer: Pharmaqo

Dosage: 10mg/ml

INTRODUCTION

An assessment of TB-500 was performed to evaluate its peptide purity and concentration accuracy. This is vital for ensuring its efficacy in regenerative medicine applications.

METHODOLOGY

Concentration encountered (IU)	9.67 mg/ml
Purity (%)	96.7

DISCUSSION

CONCLUSION

The product demonstrates high purity and precise concentration. Impurity levels are minimal. The batch is of excellent quality and approved for use.
